*Teaching appointee of

Weight Loss Program

Very Low Calorie Diet

- ♥ Offered to patients with BMI > 30 or >27 with associated conditions such as hypertension, diabetes, heart disease, and sleep apnea
- ♥ Full meal replacement with shakes, puddings, soups, and snack bars (800 calorie protein-sparing modified fast)
- ♥ Close medical supervision including weekly visits with weight loss team, routine follow-up lab testing, and EKG's
- ♥ Supervision through all phases of weight loss; preparation, diet, re-introduction of food, and maintenance
- ♥ Dietitian referral and coordination of care
- ♥ \$155 per week includes all food and medical visits payable weekly in advance of treatment. Diagnostic tests are generally covered by insurance.

Diagnostic testing including labs, EKG's, and stress testing are generally covered by insurance. Dietitian services covered by insurance per individual plan details.
